

Option Codes for Examination Registration

This document contains all the **Option Codes** and **Paper Numbers** for the examinations that I.I.C. offers support for. Although not all exam centres require these details, some do.

The **Option Codes** describe what **Paper Numbers** you are required to write in your exams for each subject. Some centres prefer for you to write down the actual **Paper Numbers** instead of **Option Codes** – as such we have provided both sets of information for each subject that I.I.C. offers support for.

Please see the tables on the next page which give the **Subject Code**, **Option Code**, and **Paper Numbers** for every subject offered by IIC. You can use these codes or paper numbers on your application form if the center to which you are applying requires them.

Please note that ALL I.I.C. subjects are intended to prepare students for the **Extended** Level of each exam. So where the option is available you should select the **Extended** option unless you have already discussed reasons for selecting the Core option with I.I.C. beforehand.

Additionally, you can find an **Introduction Document** at the top of every course page for which your child is registered on the **MyCollege Online Platform**. This Introduction document expands on the requirements for the subject's examination, providing you with a list of what papers (components) your child will write during the exams for the specified subject.

If you require any further assistance please feel free to contact the IIC office on support@iic-online.com or +27 87 365 2091.

God Bless.

The Imperial International College Team.

Gr 10/11 (International GCSE)

Subject	Subject code	Option code	Paper Numbers
English 1 st Language	0500	BS	12 & 22
Afrikaans 2 nd Language (Only Available in OCT/NOV)	0548	A	01 & 02
French 2 nd Language	0520	Y	12, 22, 03 & 42
Mathematics (Extended)	0580	BX	21 & 41
