

1. About us

Imperial International College was birthed out of Love2Learn Curriculum - a company that started developing a curriculum for homeschooling in 2002, which today comprehensively spans Grades 00 – Grade 9 and is used in over 20 countries across the globe.

We wanted to ensure that the students (both homeschooled and mainstream school) who completed Grade 9, could then be assured of continuing all the way through to Grade 12 and be in a position to secure a Matric Exemption, should they want to study further at university or equivalent tertiary institution.

After considerable research we decided that the internationally recognised and prestigious British International GCSE (Grades 10 and 11) and AS-Level (Grade 12) qualifications were overall the best option to meet and satisfy both our and our students' needs.

We then set about developing material – which also includes Tutor Support and an assessment service for these last three years of schooling - that would support and prepare independent learners, who prefer to study via distance, to write the International GCSE and AS-Level examinations.

We have offered this comprehensive support for International GCSE and AS-Levels since 2009, with much success, including numerous distinctions from many of our students.

With the advent of online learning, we then set about developing a dedicated online learning platform, which we initially called *iLove2LearnOnline*. This was later to become Imperial International College – Online Education for High School.
