All students are required to adhere to the following guidelines:

- A lab coat and safety goggles must be worn at all times during the practical sessions within the laboratory.
- Closed shoes are mandatory for all students entering the laboratory.
- Running, eating, or drinking (including water bottles) are strictly prohibited in the laboratory.
- Students must follow teacher instructions and adhere to lab rules to prioritize their safety throughout the sessions.

Failure to comply with the aforementioned rules may result in the issuance of strikes/demerits, potentially leading to exclusion from all Practicals. We eagerly anticipate preparing our science students for the 2025 academic year.
